1. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the drawings submitted on June 20, 2003 are sketches and not formal drawings. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

2. The following is an examiner's statement of reasons for allowance: As indicated in the previous office action claim 1-14 and 16-20 contain allowable subject matter and would be allowed if all 112 issues are corrected. Applicant has amended claims 1, 15 and 16, which corrects the 112, second paragraph issues.
